Many of the inquiries received by the NEWS on the proposed new zoning ordinance show considerable alarm on the part of persons who feel that the zoning regulations will be made into law before they have had ample time to digest the content of the recommendations.

Hearings now being held are "old fashioned town meeting" gusto and should prove to those attending that while the zoning ordinance has been drawn by a professional zoning firm, the final decision on its clauses rests with the community itself.

In last week's column we mentioned the controversy now waging in Hemet over the existence of a jackalope. One of our waggy residents told us on the street the other day that such an animal does exist. In fact he had seen one that very morning walking along the foot of his bed. The jackalope was very tired, he reported, because he was weaving back and forth and was having great difficulty in keeping his balance. Our informant said that, he too, was a little fatigued as he had spent a few hours out with the boys the night before. He has promised to call us if he sees any more of these interesting animals.

We at the NEWS are grieved this week, for death has taken one of our fine and loyal employees, Joe Collins. Joe was here when we purchased the paper and remained with us until the discomfort of his disease made work impossible. He filled the important post of linotype operator and occupied it with strength and ability. Seldom did he show the "prima donna" complex with which many in his work are afflicted. He was a man of strong opinion and as a sentimentalist as they come. Though he was an active union member and we are operators of an open shop, he paid us the tremendous compliment of saying, "You are the finest people I've ever worked for and I'll do anything to help you make a success of your venture."

We always suspected that there was a bit of the Blarney about Joe, but that was a part of his charm. When he said, "Good morning" each day, which he never failed to do, we had the feeling that he meant just that. He brought dignity to his work and possessed an honorable set of human values, touched off by a good sense of humor. It is hard to say "Good Bye" to Joe!

Do you know that there is a McGuffey Reader Association in the Los Angeles area? And that the only requirement to this exclusive group is the possession of a McGuffey First Reader? Mrs. Helen McMillan, 172 N. Lima, is the source of this information, but she says she does not know how to get in touch with the association. We're wondering if anyone in Sierra Madre can tell her?

Mrs. McMillan recently attended an interesting meeting of former Matton, Illinois residents to which she brought her late husband's McGuffey Reader and her husband's perfect attendance record signed in 1902 by Miss Roxie Beck, teacher. At the meeting Mrs. McMillan learned that Miss Beck is still living and is residing in the Methodist Home in Alhambra.

## Graveside Service For Mr. Gremenger

Graveside funeral services for Henry Joseph Gremenger will be conducted at Inglewood Park Cemetery today at 11 a.m. Mr. Gremenger, 89, had been a resident of Venice, Calif., until six weeks ago when he and his wife made their home at 521 W. Sierra Madre Blvd. with their foster-grandson, Harry E. Mazzaro.

Funeral arrangements for Mr. Gremenger, who died Feb. 21 in a Los Angeles hospital, will be in charge of Ripple Mortuary.

## Auditions for Operas

Vocalists who would like to participate in the production of excerpts from several well known operas to be given under the auspices of Pasadena College in May, may arrange for auditions by calling Earle Anderson, CU. 5-0239 or SY. 7-1151.

## Clubhouse for Teenagers to Be Discussed

How we can provide better community facilities for the many teenagers in our area will be discussed at a meeting at City School, tonight, at 7:45 o'clock.

The discussion will be led by Mrs. Edith Dane, president of the Coordinating Council and Phil Mitchell, representing the recreation department.

The subject of providing a supervised "home spot" or "hangout" for teenagers after school hours will be a major subject of discussion by the group, it was announced.

It is understood by the NEWS that several civic clubs have offered financial assistance in supporting such a venture. According to Mr. Mitchell, the project would not entail the construction of a new building, but the "clubhouse" would be housed in some existing quarters.

All parents who have teenagers are asked to be present at this important meeting.

## First Annual 'Chest' Meet Set Tomorrow

The Sierra Madre Community Chest directors and contributors will hold their first annual meeting tomorrow, beginning at 8 p.m., at the Woman's Club.

The entertainment will feature Earl Anderson, baritone, and a sound motion picture entitled "A Criminal Is Born."

Reports will be made by Samuel Kirk, president, Al Morgan, treasurer, and Newell Barrett, campaign chairman. Other business on the agenda will include announcements from the nominating committee concerning the board of directors for the new year.

All Sierra Madreans are invited to attend the event which will mark the first time that Sierra Madre has been a part of the National Red Feather Community Chest organization. All past contributors who attended will be asked to vote his choice for the new board of directors.

The program committee will be the Rev. Raynor Smith and Col. Charles Gildart, Mrs. Percy Kortcamp has been named to the house committee. The hostesses to serve refreshments will be Mrs. Harold Pangborn and Mrs. Sidney Lombard.

## Campaign for Scouts Begins

The Mt. Wilson District Boy Scout Sustaining Membership Enrollment Campaign will start immediately according to Thomas M. Schwartz, chairman of the drive.

The \$3000 quota which the workers hope to achieve will be used to maintain the Boy Scout program in the district during the present year.

Due to a change of financial procedure which has been brought about by a change-over from the Youth Fund sponsored by the Kiwanis Club for several years and the newly organized Community Chest which pays on a quarterly basis, beginning Jan. 1, 1955, the Boy Scout organization finds itself in the position of operating in arrears for 1955.

The funds collected during the present campaign will be used during 1955, Mr. Schwartz emphasized.

## Accident Victim said To Be Much Improved

The condition of Mrs. Mary Jane Byers, 71, who was struck by an automobile as she attempted to cross the intersection at Sierra Madre Blvd. and Baldwin Ave. last week, has been reported by a Pasadena hospital as being much improved.

Mrs. Byers, whose worst injury is said to be a broken left leg, possibly may be released from the hospital to her home at 67 W. Laurel Ave. within another week, according to reports.

LEE SHIPPEY, chairman of the 1955 Red Cross Drive which is to start Tuesday, March 1, is shown with his captains at a luncheon meeting held last week. From left to right are: Mrs. Robert de Weese, Mrs. Paul Burton, Mrs. Harold Pangborn, Mrs. Herbert Dowling, Mrs. S. A. Moffet, Mr. Shippey, Mrs. Carl Colt, Miss Mabel S. Kay, Mrs. Carl Hansen and Mrs. Florence Peterson, executive secretary of the local Red Cross chapter.

## Red Cross Drive Starts Mar. 1

More than 125 Red Cross workers will assemble for the Kick-off Coffee Rally to be held at the Woman's Clubhouse Tuesday morning at 10:30 when the Sierra Madre official Red Cross Drive will be sent on its way. This year's fund raising project is headed by Lee Shippey, columnist and lecturer.

The quota for 1955 is \$6891.

Mrs. Florence Peterson, executive secretary of the local chapter, pointed out that persons who are asked to give at their places of business can have their pledges assigned to the local chapter, if they so desire.

While this year's quota is slightly higher than that of 1954, due to the increased cost of the blood program which jumped when the defense department withdrew its aid, the amount sought in 1955 is only a little more than the \$6599.57 collected here last year.

"The Red Cross is well known for its low cost of operation. This is due, in part to the excellent volunteer set up of the organization. Last year the local expense of collecting \$6599.57 was only \$41.33", Mr. Shippey said this week.

A film showing the Red Cross program will be shown at Tuesday's meeting and the 125 persons attending will then be made into teams of 10 or 15 women who hope to canvass every home and business house in Sierra Madre by the end of March.

The \$3000 quota which the workers hope to achieve will be used to maintain the Boy Scout program in the district during the present year.

Due to a change of financial procedure which has been brought about by a change-over from the Youth Fund sponsored by the Kiwanis Club for several years and the newly organized Community Chest which pays on a quarterly basis, beginning Jan. 1, 1955, the Boy Scout organization finds itself in the position of operating in arrears for 1955.

## Boys and Girls Big Fun Ahead!

Hey, boys and girls, get on your jeans and straw skirts! The Chamber of Commerce has just completed plans for a teacher of square dancing to instruct 6 to 12 year olds in the art of "swing your partner."

The classes will be held in the Square every Friday evening from 7 to 8 o'clock for 12 weeks and will start Friday night, Mar. 4, according to Mrs. Leila Roberts, chairman of the event.

Mrs. Roberts has secured the services of Mrs. Isabell Canaughton of Catalina Island as caller. Mrs. Roberts told the NEWS today that Mrs. Canaughton is well known for her work in this particular field.

Parents of children wishing to participate in the dances are asked to call Mrs. Roberts at CU. 5-9348 or the Chamber of Commerce at CU. 5-6676.

Prizes will be given to the youngsters with the best costumes and also to those showing the most progress at the termination of the instruction.

## Hearing on Variance Mar. 10

The next hearing on the variance request for a boys' home on the Vogel estate will be held March 10 at City Hall.

A native of Utica, Miss. Mrs. Collins was a member of the International Typographical Union, Pasadena Local, who had resided in Altadena for three years. He is survived by his widow, Violet, a daughter, Mrs. John W. Saunders, two grandchildren, four brothers, and two sisters.

Interment will be at Mountain View Cemetery in Altadena.

Everyone pitches in. Mr. Scoville and son, Ed, provide manpower; Susan Maule helps keep order, and neighbors assist when called upon.

The Pied Piper who actually caused all the furor, and watches her brain child grow like Topsy, remains busy in the background. Mrs. Merrill Scoville, Marjorie's mother, mails invitations every week, and prepares a treat for each child, paints backdrops for the cut-out story characters that are moved around the flannel-board, takes attendance and provides transportation. She also keeps a grab-bag filled with surprises for each child who brings a new listener.

This encouragement seems like watering the garden on a rainy day, since the SRO sign is always out now. Guests come from Duarte and Hastings Ranch. But that shouldn't discourage potential visitors. It won't stop the Scovilles. They are now discussing finishing the basement for more room. The Scovilles love children, and seemed to be destined to demonstrate it to every one. Like a line in one of the favorite Story Hour songs, "Let your light shine all around the neighborhood, these marvelous people are practicing what they teach."

## Custer's Last Stand - Again!

Custer's last stand will be made in Sierra Madre Dec. 1, 1955! We mean, of course, the Custer telephone prefix which has been in use here since 1940 will be changed to Elgin 5 with the issuance of the new directory at the end of the year.

All Custer phone subscribers will be informed this week of the new prefix, according to announcement by Ralph Dutro, Monrovia District Manager of the California Water and Telephone Co.

Mr. Dutro said today that the company is announcing the change early for the benefit of subscribers who may wish to order stationery or printing of any sort for 1956. Only the prefix will be different, he advised. The telephone numbers will remain the same.

The unprecedented growth in Southern California has made it necessary to change the telephone prefixes from time to time so that all numbers in the area will work into the nationwide subscriber dialing plan.

## Services to Be Held For Joseph Collins

Funeral services will be conducted today at 2 p.m. in Pasadena at Ives and Warren Mortuary, 100 N. Hill, for Joseph Berry Collins, a former linotype operator for the Sierra Madre NEWS. He died Monday after a three-month illness.

Dramatic moments were recorded Monday night when several hundred Sierra Madreans filed into City Hall to protest the changes recommended in the second draft of the new zoning ordinance drawn by the Gordon Whitnall & Co., which was prepared at the request of the City Planning Commission and the City Council several months ago.

## Vignettes

by  
Virginia Pittinger

It was not so many years ago that God and prayer were something that people, in general, never talked about, something they pretended didn't really exist as a force, or if it did, existed only to be ridiculed and doubted. Then came the war with its thousands, perhaps hundreds of thousands, of cases of strength and courage and protection realized through prayer alone. And people began once more to think and to talk about God.

Today, at the head of our country, we have a man who never hesitates to mention God in his speeches and who opens each meeting of his cabinet with prayer.

It is no longer just the little man who carries in his heart a conviction of God's nearness turns to God. Listen to these

and power to deliver from evil. It is no longer only the man who has no other hope who words of President Eisenhower, "Peace cannot be left to the diplomat and the soldier. . . . The cause of peace needs God." And Charles Malik, Arab spokesman in the United Nations, "Nothing is more ridiculous than those who say 'fight Communism' then concentrate on the economic and social alone. The real challenge is intellectual and spiritual."

And Arnold J. Toynbee, historian, who says, "The West has erred because it has chosen, to fight Communism with Communism's own weapons. As long as the battle is fought on these terms, the Communists will keep on winning. Western democracy must base its appeal on more than prosperity; it must base its appeal on religion. Only in this way can democracy turn the tables on the Communist assault. The grace of God might bring about this miracle."

There is only one point on which I should take issue with

Mr. Toynbee. I believe that the grace of God, expressed by man, will — not might — bring about this miracle. For such a thing did happen once thousands of years ago when David the shepherd boy, faced Goliath, the soldier, on the plains of Judah.

Even as the Goliath of today, the giant soldier had first sought to terrify the armies of Israel into defeat, by his size, by his weapons, and by his great physical strength. In a battle fought on this level no one could beat him, and he knew it.

But David's response was not on that level. He did not counter with a bigger sword, stronger armor or greater skill with the weapons of the world's forging. Rather did he turn aside from all these to the one source of power that he knew and loved and trusted.

Going forth to do battle with Goliath he cried, "Thou comest to me with a sword, and with a spear, and with a shield; but I come to thee in the name of the Lord of hosts, the God of the armies of Israel, whom thou hast defied."

And in the name of that God, three smooth stones and a sling won the battle that material means alone might — and probably would — have lost.

Friday is the World Day of Prayer. It will begin on the Tonga Islands, west of the date line, when Queen Salote leads her subjects in prayer. It will continue through the day in 125 countries around the world, closing with services on St. Lawrence Island in Alaska. It will be observed here in Sierra Madre.

And it is a good thing thus to bring into focus the tremendous power and value of prayer. But let us not deceive ourselves into believing that one such day will bring about our miracle. That will take hours and days and weeks and months and years of living the grace

## What Do You Think?

**Editors' Note:** The opinions expressed in Mr. Shippey's column are not necessarily those of the editors and publishers of the NEWS. If you disagree with Mr. Shippey, who asks, "What Do You Think?", please address your letters to this paper or to Mr. Shippey. It is the intention of THE NEWS to stimulate provocative thought and what YOU think is an important part of our program in presenting both sides to public questions of the day. Naturally, we cannot use letters which are abusive or unsigned. We not only invite, but encourage you to use our "Letters to the Editor" column.

Many Sierra Madreans do not know that this city once received a national award, a silvicultural award, from the American Red Cross as the banner town in the nation supporting that organization. That is something of which we may be very proud, for nothing is more truly American and more truly patriotic than the Red Cross.

In peace or in war, in earthquake or in epidemic, in fire or in flood — as Sierra Madre saw last winter — the Red Cross always gets there fastest with the mostest. When hundreds of our citizens had to evacuate their homes because of fire and flood peril it was the Red Cross which housed and fed them, as well as all the firefighters, the first two days, and served the

local firefighters and flood fighters throughout the crisis. After the first two days the Federal government took over responsibility for the Forest Service employees but the local Red Cross still served the others. If there were a Civilian Defense crisis tomorrow it would be the Red Cross again which would be readiest to save many of us from disaster.

In World War I, I saw the great services of the Red Cross to our fighting men overseas, and in World War II my four sons, one of whom was a prisoner of war and another of whom was wounded and hospitalized, often had reason to be thankful for the Red Cross. Indeed, the POW, who was wounded when captured in Italy, well might have died without it. There are thousands of boys in American hospitals now who would have died but for the Red Cross Blood Bank. There are also hundreds of persons injured in accidents daily who might die but for the Blood Bank. Our own boys in uniform, our own relatives and friends, may need the Red Cross at any moment. The life you save by contributing to it may be very dear to you.

And here's something no Sierra Madrean should forget. If you are employed in any organization in Los Angeles

which contributes to AID or anything like that, you have the right to specify that your contribution or any part of it be credited to Sierra Madre. If you don't do that, the local benevolent organizations will get no part of what you give away from home. Yet if any member of your family needed any of the many services of the Red Cross it would be the Sierra Madre organization which would give them.

Next month, dear friends, don't forget this: when one of your neighbors comes to your door, asking contributions for Red Cross, remember that he or she is a neighbor, giving far more generously of time and effort than you are asked to give. He or she is doing it purely out of their patriotic desire to be a good citizen, often with a zeal and a devotion which is inspiring. One lovely lady, for example, gives the whole month of March to a tedious and difficult job of book-keeping for the Red Cross, and gives money to it, too. Persons who give so much of their time and their hearts to a grand cause should be treated with all courtesy and friendliness.

During the war the costs of the Bloodmobiles were borne by the Department of Defense. But now that cost must be borne by the Red Cross, even though it is tremendously important to our armed forces and our whole nation. That is why Sierra Madre's quota is \$6815, or about 80 cents for each man, woman and child here. Boy! They compliment us highly! But, by golly, we can be a banner town again!

of God for which we pray.

But what is a little matter of time, or even the greater matter of patient, consecrated effort, when we know that we shall be fighting our battle on the level that allows no possibility of defeat!

The half of the world able to make ends meet is unable to understand why the other half is always short.

## Letter to the Editor

Feb. 18, 1955

Editors  
Sierra Madre News  
Gentlemen:

Today I accepted your published invitation of Mr. K. Kallika (of the Whitney Consultants) to "study and make inquiry into matters being presented." I singled out the "Home Occupation Section" which "got rigorous treatment" in your headlines last week.

The available records of the activities and business of the local Planning Commission date back for three years and show only one case where the Planning Commission was concerned with a possible "Home Occupation" problem. He had One-Horsepower too much (which was removed) and was assured that no complaint had been registered, rather that the Planning Commission wanted to be sure that he knew the law and was operating within it.

The records of the Police Department listed six inquiries into possible Home Industry zoning violations in the year 1954 (one inquiry every two months, average). Three of these were reduced and three were not in violation.

Apparently the Consultants would like to have more industry, more taxable Industrial Income, or both of these, in Sierra Madre. (They are recommending "lot wise" a 40% increase in M-1 Industrial property). Perhaps we should remind them again and again that Sierra Madre's Stable and Successful Industry (that which has survived years of depression, changing national economy and seasonal layoff) is home grown, all of it. If they want more of the same they will have to "cultivate" it here. The Tax-paying Industry in Sierra Madre today is yesterday's "Home Occupation," yesterday's "backyard shop" or "living room studio."

As far as the "Home Occupation" part of the new Zoning regulations are concerned, "Where there is no trouble, let's not make trouble!" If we want industry in Sierra Madre, "Why kill the Goose?" It may have a few more Golden Eggs to lay!

Respectfully,  
BOB LEONARD

### PTA Founder's Day Celebrated with Tea

On Thursday, Feb. 17, the Sierra Madre PTA celebrated Founder's Day with a tea served in the Sierra Madre School cafeteria. Hosted by the fifth grade teachers and parents, the tables were all beautifully decorated in a spring theme of lavender and yellow. The table at which the tea was served was resplendent in lace tablecloths, shining silver tea and coffee services, breathtaking floral arrangements and tiny, delicious sandwiches.

After an address by Mrs. Edith Dane giving a brief history of the PTA and a discussion of its main objective, the presentation of the Life Membership Award was made by Mrs. Helen Feichtmann.

Chosen for this honor was Howell N. White, former member of the school board, who recently left to make his home in Connecticut. Mr. White had been chosen for his outstanding contribution to the school, to the youth of Sierra Madre, and for the high quality of his civic activities while he was a resident here. In his absence the presentation was made to his eldest daughter, Eleanor, who is at present completing her school year at nearby Anaheim.

Among those members present and taking part in the evening's ceremonies were Mrs. Frank Barbour, Mrs. Doug Dickson, Mrs. Harold Hamm, and Mrs. George Hannaford.

Mrs. Emory Johnston, Mrs. Percy C. Kortkamp, and Mrs. Larry McGinnis.

Also Mrs. Edwin Meyer, Mrs. Harold Pangborn, Mrs. Hodges Wall, Mrs. Daniel Wilson, and Mrs. Ralph "Pappy" Welch.

Mrs. Kortkamp was awarded the door-prize.

#### "Heart" Meeting For Eteri Club Members and Guests

Hearts were the appropriate theme used at the recent Valentine meeting of the Eteri Club in the San Gabriel Ct. home of Mrs. Henry Childers.

Members were given pieces of paper with Bible verses, pertaining to the heart, written on them. As each was read it was attached to a large lace heart which when completed, represented the whole heart of one who knows Christ as the Saviour.

Natalie Romans based her talk on the loving heart of Mary, sister of Lazarus, as told in Mark 14:6. The program was completed with a vocal solo by Mrs. Ivan Ower.

Mrs. Catherine Hunter was elected treasurer. The office was previously held by Mrs. Roy Griffin who is also secretary. However, since the growth of the group has increased the members were of the opinion the offices should be separated and held by two people.

The "Lonely Hearts Club" was introduced by giving each member present a list of absent members who were to be called the next day. One of the names on the list was the "Lonely Heart" and the first person to call her is to receive a prize at the next business and Bible study meeting which will be held Monday, Feb. 28, at 7:45 p.m. in Fellowship Hall at Bethany Church. This will be a work night and the hostesses will be Mrs. J. V. Maule and Mrs. H. Weeks.

Among the guests at the recent meeting were Mrs. S. Cowart, and Mrs. Betty Dunker.

#### SIGMA KAPPA SENIOR ALUMNAE HAS RECENT MEETING

#### Women's Press Club Meeting Tonight

Leigh Merrill, whose first book, "Tenoch," has won a publisher's award, will speak to members of the San Gabriel Valley Women's Press Club at a 7 o'clock dinner meeting tonight at Wissler's Restaurant.

Marguerite Brooks of the El Monte Herald will conduct the regular monthly session, to which all members and prospective members are invited.

"Tenoch" was published last September and is written against an early California background. The author, whose home is in San Marino, got her story idea during a voyage along the state coastline aboard her father's yacht. She will tell the club members how she got material, wrote and submitted the manuscript.

#### Junior League Plans Opera for Children

The world premiere of "Pepto's Golden Flower," a children's opera by Mary Elizabeth Caldwell, will be presented Sunday, Mar. 13, at 3 p.m. by the Junior League of Pasadena at the Pasadena Civic Auditorium for youngsters from grade three through eight. There will be no admission charge.

The composer of the opera, Mrs. Philip Caldwell, is a Pasadena and a member of the Junior League. She is well known in music circles, not only as an organist and director of children's choirs, but also as a composer of published church music. Especially well known is her "Carol of the Little King" sung in churches throughout America. At present, Mrs. Caldwell is organist and director of the children's choir of 105 at the San Marino Community Church.

"Pepto's Golden Flower" is a story based on real-life occurrences in early California history. The principal roles will be sung by a cast of professional singers active in opera groups here on the west coast. Indian ceremonial dancers, fluted dancers and a chorus of adults and children will complete the cast.

Lauris Jones will conduct Mrs. Caldwell's opera. The orchestra will be members of the Pasadena Symphony. Glynn Ross, internationally known for his opera stagings, will direct. Jules Engle has designed the set which is being constructed through Phil Raiguel and the Los Angeles Civic Light Opera Association set department.

## Camp Fire Girls Hold Annual Banquet Honoring Fathers at Pritchard Hall

Monday evening climaxed weeks of anticipation when the Sierra Madre Camp Fire girls and their leaders held their annual Father-Daughter banquet in Pritchard Hall at the Congregational Church which was attended by more than 200 girls and their dads.

Commemorating 45 years of youth activity the Camp Fire Girls organization has as its theme for 1955, "Let Freedom Ring", the ten Sierra Madre Blue Bird and Camp Fire groups used this theme to advantage as each group decorated their own table in a patriotic red, white and blue, which gave a festive air to the large hall.

The invocation was given by the Rev. Harry Leach of the Congregational Church. Dinner was served budget type and the food was prepared by the Camp Fire and Blue Bird girls' mothers.

Ten groups of the Camp Fire girl group provided the program which was narrated by Ross Tyree, a member of the district committee of the Sierra Madre Camp Fire Girls.

The program began with the minut by the Flying Blue Birds with Mrs. Helmut Vortter, leader; We-Kin-Ya Camp Fire girls, leader Mrs. Charles Abbe, doing Yankee Doodle; Dancing Blue Birds, with leaders Mrs. Howard Sherk and Mrs. Charles Suiter, doing the Virginia Reel; Cheska-May Camp Fire girls, with leader Mrs. Severin Sorensen, singing "The Star Spangled Banner";

## An Open Letter of Vital Importance to:

THE CITY PLANNING COMMISSION,  
THE CITY COUNCIL, and  
THE PEOPLE OF SIERRA MADRE

This advertising space has been purchased by a group of property owners in order that they might express themselves regarding the proposed home for wards of the juvenile court on the Howarth property at the end of Acacia Street. As property owners and taxpayers, we are protesting a zoning variance which would permit this home to be established. This area is strictly one of single family dwellings, and such a home would greatly depreciate the value of all surrounding property for some distance. The Whitall Company, retained by the City to make recommendations regarding zoning, stated that, regarding such a variance, the planning commission should follow the wishes of the property owners. Signatures of almost all of the property owners in the adjacent neighborhood representing sixty five different pieces of property were on petitions to the commission to deny the variance. A large number of those people were present at the open hearing of the commission, and had a spokesman who brought out many reasons why the home should not be allowed in this location. A motion by Commissioner Pratt to deny the variance failed by a three to three vote, so the matter was carried over to the March meeting.

It is the stated intention of those who would establish the home to start with twenty boys, ages 6 to 12. If the operation was successful, more boys would be added and there would be no limitation on the length of time they would be kept or to what age.

The property in question is in an extreme fire hazard area. Twenty or more boys, some of whom may not have had proper parental guidance in what is right and what is wrong, playing on that property, would certainly increase the fire risk, not only for that property, but for the entire upper part of Sierra Madre.

Sierra Madre Schools are already crowded. We are soon to be asked to take a 60% increase in school tax rate to meet present needs. Each additional thirty children make it necessary to add one more teacher. Twenty boys from this one property, and probably more later, would increase the school budget at the expense of the taxpayers of Sierra Madre. We have been told that the property, under this home setup, would be tax-free, thereby further increasing the burden for the rest of us.

Services required for such a home would increase the traffic on the streets approaching it. These are narrow streets, and as there are no sidewalks, it is necessary for the children as well as the adults to walk in the street. Additional traffic would greatly increase the accident hazard.

The property is not a good place for such an institution. The terrain is rough and hazardous. There is danger from Poison Oak and Rattlesnakes as well as from fire. The road into the property is narrow and winding and would be difficult to navigate with heavy fire apparatus if it were needed.

Changes in zoning should be for the purpose of benefiting the property owners and the city as a whole. We realize that it is necessary, in our society, to provide homes for these children who are wards of the Juvenile Court. We sincerely believe that this proposed location is not right for it and that the possible advantages derived from it would be greatly overshadowed by the decrease in property values, the increase in school burden, the added fire hazard, and the other points mentioned.

We Urge the Planning Commission  
to Deny the Variance.

Property Owners Committee of the  
East Grandview Area

#### NOTICE OF PUBLIC HEARING BEFORE THE PLANNING COMMISSION

NOTICE IS HEREBY GIVEN, pursuant to the provisions of Ordinance No. 391, of the City of Sierra Madre, as amended, that the Planning Commission of the City of Sierra Madre, has fixed Thursday, March 10, 1955, at the hour of 8:00 o'clock P.M. in the Council Chamber of the City Hall, 55 West Sierra Madre Blvd. Sierra Madre, California, as the time and place for holding a public hearing on the question of a variance from the provisions of Ordinance No. 391 for a deviation from the required five foot side yard to three feet, in order to locate new structures on the same line as existing structures, for property described as Lot 9, Norris Tract, located at 73 West Laurel Ave.

The application for variance is based upon the grounds that there are special circumstances attached to said property which generally do not apply to other properties in the same district or vicinity, that the granting of a variance aforesaid will not result in a material damage or prejudice to other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof.

## H. Noel Deutsch Expresses Views on Proposed Boys' Home

To the Editors of the Sierra Madre News:

In last week's paper, Dr. Schaper wrote a letter in which he hoped to clarify some of the issues involved in the appeal for zoning variance to establish a home for boys. He stated that he does not like the term "home" rather than an institution. He further stated that the court is anxious to provide a home, with guidance and security, not an institution.

There has been a foster-home plan in operation. Why not further it? Certainly good foster parents are the closest substitute for the real parents, for those boys who are without real parental care. They are certainly to be preferred rather than institutional care. Foster homes are thoroughly investigated by a reliable welfare agency, and when all requirements are met, such as comfort, good guidance, and understanding of foster parents,

the homes are licensed. Interests, rather than monetary reasons are first.

It is our understanding, after conferring with the county welfare department, that in these foster homes the number of boys is limited to six. This retains home atmosphere where the boys have friends and pets, and things to stimulate their proper development, rather than the isolation of an institution where everything must necessarily be routinized, freedom must be curtailed, and expression of individualism curbed. The welfare department stated that anything over six boys in a home becomes a business. It certainly would appear that this will be the case in the proposed home.

Dr. Schaper states that there will be ample supervision to be sure that there are no unnecessary hazards for anyone. How much supervision is ample for the additional fire hazard that would be created? What supervision could eliminate the additional traffic and accident hazard?

vision could eliminate the additional traffic and accident hazard?

Dr. Schaper states that the only real problem is whether or not we want to be helpful to boys who need our help. Speaking as a parent of three, let these children live in families, called foster homes. Let children be as they are. Let them have pets. Have them make friends with the neighbors, the grocer, the baker, the barber. Don't isolate them in an institution which is what this home would become. Let the institutions house the aged, the ill, the handicapped. Give the young a more normal, family home where they may live healthy and useful lives.

SIERRA MADRE NEWS—7  
Thursday, February 24, 1955

Foster homes are less expensive than institutions enabling the authorities to do more good for more children with a given expenditure. For the sake of the children, let them live a more normal, family life in foster homes. Fine as Mr. Bateman and his associates may be, and humanitarian as the project appears, no institution can substitute for good parents and a normal family home.

Very truly yours,  
H. Noel Deutsch.

Bad luck hangs around waiting for a man who looks for it.

### "Isaiah's Pen-Picture of Lord's Passion" Subject of Lutheran Lenten Devotionals

Beginning last evening, special midweek Lenten Devotionals are being conducted each Wednesday night at 7:30, in Faith Lutheran Chapel, 835 Hastings Ranch Dr.

For his devotionals this year, the Rev. A. Hesse has chosen the theme: "Isaiah's Pen-Picture of our Lord's Passion". These faith-strengthening studies aim to show how the Lord's suffering and death was visualized about 750 years before it actually took place. Next Wednesday's theme will be: "The Lowly Servant Despised and Rejected". Attendees are requested to bring a Bible along.

For the Sunday morning services during Lent, the Lutheran clergyman is speaking on "Some of the Actions of the Disciple Peter". His theme on Sunday morning at 10:30 will be, "What About Self-Reliance?"

It's the high-flier who most often gets paid low.

People who live up to their opportunities live high.

### Member of European Crusade Bethany Speaker

The Bethany Missionary Society will hold its regular monthly meeting on Tuesday, Mar. 1 at 10:45 a.m. in Bethany Church. The eleven o'clock speaker will be Rev. Gunnar Jansen of the European Evangelistic Crusade, an organization founded about 20 years ago by James Stewart.

Mr. Jansen has worked for many years in twelve countries of Europe and was behind the Iron Curtain when the war broke out. His subject will be "How Stalin Came to Owe Me \$1,000 and Never Paid It." There are about 100 young American missionaries on the field now presenting the gospel of Christ and doing heavy relief work for about 14,000,000 refugees. Rev. and Mrs. Jansen have been doing deputation work for the past 6 years in the United States and will be leaving for the field about April 1.

There will be a covered dish luncheon at 12 o'clock to which all are most cordially invited, and at 1:15 a short business session followed by the afternoon speaker at 1:30, the Rev. James Z. Nettinga, Th.D. secretary of the American Bible Society with headquarters in Pasadena, Calif. Dr. Nettinga, who was secretary of the Board of Domestic Missions of the Reformed Church in America, came to the Bible Society in 1949.

Pasadena is one of the important offices of the Bible Society. Scripture distribution from that office alone having reached over 400,000 volumes last year. It was established to supplement the work of the Society's office in San Francisco. Dr. Nettinga has been a popular speaker in presenting the work of the Bible Society over the radio. He has conducted such programs as "The Bible in the News" and "The Bible Speaks" on radio, and has appeared several times on television programs in connection with the work of the Bible Society. He has also been cooperating in a state-wide distribution of Gospels through the depots of the Greyhound Bus Lines in California. Plastic containers holding about a hundred Gospel portions, are used. More than 192,000 Gospels were distributed last year in 53 centers. Dr. Nettinga will be speaking on "The Bible in India, Pakistan, and Ceylon."

There will also be special music and everyone is invited to attend these interesting meetings. A nursery will be provided all day for the care of small children and babies.

A planned pot-luck supper and fellowship-night was conducted in the parish hall at 5:30, attended by 178 people. J. C. Richter served as chairman of arrangements, and W. Zelt as master of ceremonies.

## Ranch Residents Warned to Take More Precaution

A word of warning is given to Ranch residents that they must be more careful about locking their cars and taking the keys when they leave them in their driveway or on the street.

Last weekend, a car belonging to Stanley Peterson was rolled out of the driveway of the Orville J. Johnson home, 1215 Tropical, and stolen. Mr. Peterson was more fortunate than most inasmuch as the Police Department located the car in San Gabriel within an hour.

It is too bad Ranch residents will have to give up their easy and trustful way of protecting their possessions. However, it is to their advantage to lock their homes, garages and cars.

## Boys' School Will Be Built On Michillinda

Canfield Road residents, who fought unsuccessfully the granting of a variance allowing use of property at Michillinda and Sierra Madre Blvds. for a Catholic Boys' High School, voted not to appeal Pasadena Planning Commission's ruling.

Although the group filed a notice of intention to appeal and had until last week to submit their reasons, the majority agreed their chances of winning the case were not sufficient to warrant the expense.

In addition, they expressed appreciation that the Commission, in granting the use variance, set up building conditions favorable to Hastings residents.

That building must be started within a year, with final plan submitted to the Commission for review and approval before a building permit is granted.

That there be a minimum setback of 50 feet from the north property line, 20 feet from the east property line, that the south side (backing to Canfield residents) shall consist of a landscaped embankment with trees not less than 50 feet apart and approved by the City Park Department, with adequate sprinklers.

That a five-foot solid masonry wall be built on the embankment, with a five-foot chain link fence mounted on the wall, with the wall and fence at no point closer than 10 feet from the south line.

That buildings, except for the Brothers' Residence, be at least 50 feet from the south line, that no building be more than 2½ stories or 36 feet, that parking facilities meet with City approval; that any lights be directed away from the adjacent residential property; that plumbing facilities, drainage and grading of the property meet all City requirements; that the total enrollment at no time exceed 600 students.

Canfield residents, led by Roger Bowen, 3795 Canfield, had objected to the school on grounds it would lower property values, create traffic, noise and drainage problems, and obstruct mountain views. They also contended that plans submitted were too nebulous to be of value in determining types of structures and facilities planned and the number of students to attend.

More than 800 residents of Upper and Lower Hastings signed a petition against the proposed school.

The real rainy days of life are those which come in old age when nothing was laid up for the future.

Take your problems to Church this week — millions leave them there!

### Are You A Sponger?

When you gaze at a beautiful church window, especially one with the image of Christ shining forth, does it mean anything to you other than a pretty assemblage of colored glass? Does the church and the window, which admits the sunlight, mean anything more than just another building with pretty windows?

As the nations flag is more than a piece of colored cloth — a symbol of sacrifice made to secure liberty, so the Christian Church is a symbol of the greatest champion of human liberty, the advancement of the dignity and importance of the individual.

What would life in a community without churches be like? Did you ever stop to consider what your lot would be if that church, and the thousands of others that dot the land, were not in existence, or, if the Master who founded the Church had not come to advance the cause of humanity and to save it from iniquity.

You surely will admit that you owe the lot that you and your family enjoy to the work of the Christian Church. If you admit that, then you owe it your support in both attendance and in a financial way. If you accept its benefits but do not support it, then you are a sponger. Attend and support your church! Don't be a sponger!

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

### HOME OCCUPATION

From page one

when carried on within the  
dwelling, provided: not more  
than 25% of the ground floor  
of the dwelling is so occu-  
pied; only electrically oper-  
ated motors, not in excess of  
one horsepower or a total  
horsepower in any one build-  
ing not exceeding three  
horsepower; no merchandise  
or articles are displayed for  
advertising purposes; no ar-  
ticles or materials pertain-  
ing to such home occupation  
are stored other than in the  
dwelling, and provided no as-  
sistants are employed."

**THIS DOES NOT PERMIT  
SUCH USES IN A GARAGE OR  
OTHER ACCESSORY BUILD-  
ING.** The use must be contain-  
ed on the ground floor of the  
DWELLING. This, of course,  
means that those who are pre-  
sently operating in buildings  
other than the dwelling are op-  
erating illegally and the pro-  
posed revision of the ordinance  
in no way changes this condi-  
tion. Whether the use is a home  
occupation or not, under the  
proposed revision, may be as-  
certained by answering the fol-  
lowing questions?

(1) Does the use carried on  
by the occupants of the dwell-  
ing require the employment of  
persons on the premises in ad-  
dition to the family?

(2) Does it involve the use  
of material or equipment nor-  
mally not associated with res-  
idential households?

(3) Does it involve the use of

business signs (other than a  
name plate)?

(4) Does the occupation in-  
volve the use of accessory  
buildings or yard space or ac-  
tivity outside the dwelling nor-  
mally not associated with a  
residential use?

If the answer is "yes" to one  
or more of these questions the  
use would probably not be per-  
mitted under the proposed re-  
vision as a home occupation.  
**IT IS EMPHASIZED HOWEVER,  
THAT STANDARDS VARY  
WITH LOCAL HABITS AND  
CUSTOMS AND SHOULD,  
WHEN REASONABLE, BE BAS-  
ED ON THESE HABITS AND  
CUSTOMS.** At the same time it  
should be kept in mind, that  
when a use is more consistent

### ZONING PROPOSAL

From page one

the City, from single family to  
multiple residences and vice-  
versa. All such protests were  
recorded for future considera-  
tion.

City Administrator Lawrence  
Bevington reported a member  
of the County Tax Assessor's

with the uses prescribed for  
areas zoned other than residen-  
tial, experience, which is the  
most reliable teacher and  
measuring stick, has proved  
that in time such uses do have  
an adverse effect on the res-  
idential uses both aesthetically  
and economically.

office has informed him that  
there has been no re-appraisal  
of Sierra Madre's property val-  
ues since 1946. Consequently  
the assessor said, there is a  
probability that a re-zoning  
from R1 to R-3 would increase  
the assessed valuation of a lot  
50x150 by \$300, representing at  
the present rate an increase  
of \$16 in taxes.

Mr. Bevington pointed out  
that the actual amount of tax  
increase on individual parcels  
is determined by several com-  
plexities, such as the type of  
building in the surrounding  
areas and the size and mar-  
ketability of the property. In  
some cases, he said, the taxes  
might be reduced.

### Funeral Services Held For Mrs. Ida Mattice

Funeral services for Mrs. Ida  
Augusta Mattice, 69, were con-  
ducted Tuesday afternoon at  
Ripple Mortuary Chapel with  
the Rev. Robert N. Schaper of-  
ficiating.

Formerly of Sierra Madre,  
Mrs. Mattice had been making  
her home in Azusa for the past  
18 months. She died Feb. 18 in  
a Pasadena hospital.

of the late Ralph R. Mattice, a  
former city employee, who died

Horn, Iowa; Mrs. Dorothy

held from 10 to 12 o'clock; the

ing rather than on a series  
basis.

Miss Wilson, a graduate of  
the David Seabury School of  
Psychology who is certified by  
the Institute of Family Rela-  
tions, also conducts group ther-  
apy classes in her Los Angeles
